At Last Night's Meeting Lose In Only One Clash: "Fix Fences For Saturday

WOULD SEGREGATE

First Fight Comes Over Laborers Pay Rate and Old Plan

Is Relegated

The storm cleard which has been hovering over the city hall for searly a week let loose a little of its fury last uptop in the come—when Mayor Lane and the board of supervisors met in adjourned session. Predictions are for heavy thunder and vivid lightning when the board meets again on Saturday sight.

The slight pyrotechnics of last night were witnessed by a capacity house, but all declared it was worth the money and many lingered after the curtain was ring down. The session brought out in clear cut manber that the board is badly split, with the "Big Four" in control. It is apparent that the board is badly split, with the "Big Four" in control. It is apparent that the board is badly split, with the "Big Four" and sever works departments and under the city engineer or road overseers, except those engaged in olice, clorical or professional work, shall be amployed by this hour or day and all time sheets shall be mide up on the basis of the total number of hours. Arnold was on his feet in an instant with a protest, but the "Big Four" away when it cannot the vote and the measure capacity has arguments away when it cannot the vote and the measure capacity has arguments away when it cannot the vote and the measure capacity has arguments away when it cannot the vote and the measure capacity has arguments away when it cannot the vote and the measure capacity has arguments away when it cannot the vote and the measure capacity has arguments away when it cannot the vote and the measure capacity has arguments away when it cannot the vote and the measure capacity has arguments away when it cannot the vote and the measure capacity has arguments away when it cannot the vote and the measure capacity has a protest, but the "Big Four" away the arguments away when it cannot the vote and the measure capacity has a protest, but the "Big Four" away the arguments away when it cannot the vote and the measure capacity has a control of the supreme court for the February away this arguments away when it cannot the vote and the measure ca awept his arguments away when it came to the vote and the measure carricd. It was explained after the measure carried. It was explained after the meeting by Quinn that the object of the resolution was to give the board power to hire and fire at will and not leave the city liable to carry a mon an extra hour or day on salary if his services were not desired instead of being compelled to carry him days and up to a

the themeway &
Suitton for the momonth of this appropriation were
reported on by A. W. T. Bottomley,
the treasurer, the balance sheet showing that it has cost \$48,437 to maintain
the home during the year, which was
follows: From investments, \$46,810;
pap patients, \$902.47 mor shan the income from all
sources. This income sources, \$16,810;
pap patients, \$902.87 mor shan the income from all
sources. This income sources fold, \$5000; county subsidy, \$2,000; county wants done by contract. When the McBsyde Sugar Company vs Manuel resolution was finally passed the Andrade, appeal from circuit judge amount of this appropriation was fifth-circuit; Smith, Warren, Hemenway

et Siessure Is Tabled In the third clash the "Big Four?"

were worsted and the entire assembiage could not refrain from laughing with Larsen, Quinn and Horner when Logan boomed in with a loud "aye" and thereby chused to be tabled one of the pet measures which the "Big Four" had planned to put over last Four'' had planned to put over last night. This was a resolution amending the existing ordinance which makes the city engineer ex-officio general manager of the sewer and water worss so that the entire control of those departments should be under a general manager subject to the direction of the board of supervisors. This manager would also maume all powers and duties heretofore exercised by the superintedent of public works, subject, however, to the hoard of supervisors. Simply analyzed, the amendment would have divorced the water and sewers depart. divorced the water and sewers departments from the city engineer's depart ment. The denouement came when Arnold moved that the resolution be tabled and Logan switched over to the 'Little Turce.' After the meeting

Quinn stated the resolution would be introduced again Saturday night.

As the meeting was drawing to a close Mayor Lane pressed the supervisors to adjourn at an early date, declaring pointedly that he had a batch of appointments to offer and that he wished them to be considered before, the first of the month. He would not state, however, what his appointments would be. Some 'Small Eustness'
